EDUCATION

Arab American University

Bachelor of Computer Science

Jenin

January. 2020 – August 2024

EXPERIENCE

ASAL Technologies

March 2024

Backend Intern

- **Design, develop, and maintain APIs** to enable efficient communication between different software systems.
- Continuously **optimizing** backend functionalities to enhance system performance and user experience.

ITG Software

October 2023 – December 2023

Software Engineer Intern

- * **Integrated REST API** seamlessly across multiple projects, optimizing data exchange efficiency and enabling smooth communication between systems.
- * Engineered captivating and adaptive web interfaces that adapt beautifully across different devices, employing a combination of HTML, CSS, and JavaScript to ensure optimal performance and visual appeal.
- * Streamlined development processes by implementing build automation techniques with Gulp and Grunt, resulting in improved efficiency and productivity.

PROJECTS

EasyPark | *C#, .NET, React js, REST APIs*

- **Founder of EasyPark:** Building a web app to streamline parking management in Palestine using ReactJS, .Net, and Firebase.
- The platform aims to revolutionize parking accessibility and efficiency, marking the first of its kind in Palestine.
- **Utilized SignalR for real-time communication** to provide users with live data updates.
- Worked as a **full-stack** developer, managing both front-end and back-end tasks to ensure seamless integration and functionality.

Instagram Clone | *React js, JavaScript, rest API, HTML CSS*

[github](#)

- Implemented **advanced React concepts**, including React Router, Context API, and Hooks, to create a dynamic and interactive user interface.
- Integrated REST API endpoints for user profiles, posts, and comments, ensuring seamless data interaction with the backend.
- Engineered robust user authentication and authorization features with cutting-edge authentication libraries, bolstering user data security and compliance with industry standards.
- Demonstrated effective project management skills, meeting project deadlines and milestones.

LEADERSHIP

- * **Led a team that achieved first place** in the final competition of the Algorithms course in Arab American University.

TECHNICAL SKILLS

Languages: Java, Python, C sharp, C/C++, SQL , JavaScript, HTML/CSS,

Frameworks: Node.js, ASP.NET , Material-UI

Developer Tools: Git, , VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Libraries: React js, Axios
